Disclaimer: This information appearing in this Document (Details) concerning the product which is the subject of the Document (Product) is either based on present technical knowledge and tests done by allnex or tests done by, and data supplied from third parties. Since the actual use by you and by others of the Product is beyond the control of allnex, no warranty or representation, express or implied is made by allnex regarding the suitability for such use, nor does allnex accept any liability arising out of the use by you, of other products or materials, whether thirdparty or not, that may be referred to in this Document. allnex recommends that you carry out your own tests as to the suitability of the Product for your purpose, regarding which you accept full responsibility. In addition, if any of the Details appearing in the Document are based upon tests done by, and data supplied by, any third party, allnex provides no warranties or representations in connection with those Details and you, the customer, waive any right you may have against allnex in connection with the accuracy, completeness or otherwise of the Details. The information in this Document is not to be construed as absolutely complete or accurate since additional information may be necessary or desirable when particular or exceptional conditions or circumstances exist or because of applicable laws or government regulations affecting use of the Product. allnex does not provide any warranty or representation to you that the Product does not infringe the intellectual property rights of any third party. All orders accepted shall be subject to the standard conditions of sale of allnex which are on the back of our invoice. In accepting the Product you, the customer, acknowledge and agree:

a.) The Product is or may be of a hazardous nature and that you, the customer, are responsible for the disposal of the container housing the Product in accordance with the requirements and regulations of the relevant supervising government.

b.) The Product has a limited shelf life and must be stored strictly in accordance with the guidelines and specifications related to it.

c.) Where the Details relate to Product tested by allnex, those Details are indicative only, regarding which there may be batch to batch variation.

d.) allnex gives no warranty or representation as to the applicability for the particular use by you, the customer, of the Product and you, the customer shall be responsible for ensuring that the Product is fit for your intended use.

e.) allnex’s liability for breach of any term, condition, guarantee or warranty (express or implied) including any liability for direct or indirect consequential losses (including indirect loss of profit), is limited to the maximum extent permitted by law and, at allnex’s election, to either replacing or repairing the goods or paying the cost of replacing or repairing the goods, or in the case of services, supplying the services again.

Based on our Aquaguard® technology, the Fibretech pool resurfacing product range has over 20 years of outstanding field history in protecting pools.

This high performance range is the result of an extensive research and development program to formulate a superior solution suitable for the resurfacing of both concrete and fibreglass constructed pools. The range consists of four products:

- **Aquaguard® Topcoat** – a decorative cosmetic layer, specifically developed for this system.
- **Fibretech Fillcoat** – a chemical resistant layer which also provides enhanced surface finish and quality.
- **Ultratec® VE Tie Layer Resin** – reinforced with ECR fibreglass providing superior chemical, water and osmosis resistance.
- **Vinyl Ester Primer Coat** – concrete pools only will require additional surface preparation to ensure adequate adhesion to the existing pool wall.

When selecting a colour, it should be noted that the actual surrounding environment, light intensity and type of light will affect the appearance of the colour. Some colour change may occur with time. Product availability and delivery lead times are variable subject to market conditions and minimum order quantities may apply.

**Aquaguard® Topcoat and Fibretech Fillcoat Colour Range**

- **Sapphire Blue**
- **Lagoon Blue**
- **Athol Blue**
- **Dove Grey**
- **Sand**

When selecting a colour, it should be noted that the actual surrounding environment, light intensity and type of light will affect the appearance of the colour. Some colour change may occur with time. Product availability and delivery lead times are variable subject to market conditions and minimum order quantities may apply.

The Aquaguard® Fibretech pool resurfacing product range is available in roller and spray grades. It is recommended that these products are only applied by an experienced applicator.

Disclaimer: While every effort has been made to accurately represent the actual product colours in this brochure, owing to the reflective nature of the product finishes and inherent distortions in photographic and printing processes, some variations may occur between the colours as represented in this brochure and the actual colour displayed when products are applied. Not all colours are in stock – please contact your sales representative for further information.
